YAKELY ESTATE | 5.5 M

The impressive wooden gate leading as you entered Casteel Creek and arrive on Yakely Estate. Yakely Estate is almost two lots in one. A gentle creek bisects the parcel, creating upper and lower building sites — one with expansive views intimately situated along West Lake Creek. The residence is located on the creek and enjoys the play of light and gentle gurgle of running water providing a sense of serenity and privacy. The upper area of the lot features huge vistas of the Red and White Mountains and overlooks the small vintage cottage that comes with the estate, ready for immediate occupancy to enjoy all that Casteel Creek has to offer.

CONSERVATION TRUST | TBD

In no small way, Conservation Trust is a distillation of everything that makes Casteel Creek like nowhere else. West Lake Creek runs down the middle of the land. In some places, it gently gurgles through open meadows and forests. In others, the creek softly echoes against the walls of a small canyon and rocky outcroppings. Conservation Trust features a 3 acre building site with truly unbelievable panoramic views sweeping across both the Sawatch and Gore Range Mountains. This exquisite piece of Colorado has an extensive trail system with a bridge and scenic overlooks that elevate this marvel's natural wonder. This property allows a residence of up to 7,500 square feet not including additional basement area.

LOWER MEADOW | 6.5 M

The Lower Meadow was once part of the Pilgrim sheep ranch. That heritage can be seen, and felt, in the homesite's lush, large, open meadows dotted with mature stands of Aspen, Cottonwood and Evergreen and with views of the Red and White Mountains. In fall, those forests offer an ever-changing tapestry of yellows, golds and reds. Given its gentle, flat topography, Lower Meadow is rich with easy building sites and perfect for those who desire an equestrian experience.

BEAR TRAP | TBD

Breathtaking views make it hard to imagine anyone looking down to discover the weathered, wooden bear trap for which this homestead lot is named. The ridge line is rich with building sites offering a variety of stunning panoramas. To the east, Vail's iconic Gore Range. On the northern horizon, the Red and White Mountains. And in the far distance, Finnegan Peak pierces the sky. Lower level sites feature the quiet serenity of rolling meadow views, while abundant Aspen forests add to the homesite's enchanting power.

RIDGE HOUSE | 10.9 M

The Ridge House at Casteel Creek is a 4 bedroom and 5 bathroom single family home that offers the best views in the Vail Valley. Appropriately named, the home is positioned at the pinnacle of the Casteel Creek providing unobstructed views of the Sawatch Mountain Range, The Gore Range, as well picturesque views of the forest and fields below. The 37+ acres is resource zoned providing the ability to have a main residence of virtually any size and a guest or caretaker home up to 1,800 square feet, plus a variety of additional buildings/barns.

GRAHAM'S CABIN | 6 M

Local lore has it that, in the 1940s, a prominent landowner hid her young lover in a cabin on the property. Walking the homesite, you can see why. Graham's Cabin is delightfully secluded and boasts a variety of building sites. The higher elevations offer stunning views of Red and White Mountains and Vail's iconic Gore Range. In the fall, extensive Aspen forests transform Graham's Cabin into a wondrous palette of oranges and golds.

BEAR CAMP | TBD

In the early 1970s, one of the first members of the storied Vail Ski Patrol recognized the wonder of this particular piece of land. He built a small, rustic trail shelter at the crest of a ridge to take advantage of cinematic vistas. Looking northwest, Castle Peak rises, while to the north, the Red and White Mountains frame the horizon. In addition to arresting panoramas, Bear Camp also features numerous trails, perfect for a variety of year-round activities and a modern cabin, perfect for use during construction of your dream home.

EAGLE MEADOW | TBD

Many years ago, a country road ran through this homesite. In its place is a stunning return to nature, featuring broad, open meadows bordered by extensive Aspen forests. In fall, those forests reward the eye with rich textures of color. No matter the season, Eagle Meadow's acres create a true feeling of majestic serenity. As an added bonus, horse lovers will find their happy place on the flat meadow, which offers a particularly perfect setting for riding.
